

Risk Assessment

Equipment / activity: Crazy Golf
Date: 05/01/2023

Hazard	Who is at risk?	Possible effects/harm	Likelihood (high, medium, low)	Evaluation & Control Measures	Revised risk rating (high, medium, low)	Are there adequate control measures in place?
Loading, handling and transportation of equipment	Staff	Injury	Low	All staff to be trained in manual handling. Manual handling to be reduced to a minimum by use of trolleys/lifts. Loads to be properly secured. Where required, multiple persons must handle equipment.	Low	Yes
Tripping on obstacles	Participants	Injury	Medium	Players should play shots from off the actual green to ensure good footing	Low	Yes

Installation of equipment on site	Staff, spectator, participants	Injury to operator, spectators or participants. Damage to venue.	Low	Operator must have clear, unhindered access to the setup area. Setup area to be clear and free from debris. Pre setup checks on equipment to check for damage. Equipment to be set up away from sources of water.	Low	Yes
Ground type	Operator, spectator, participants	Injury to operator, spectators or participants.	Low	Equipment to be installed and operated on a level surface	Low	Yes
Electricity and cabling	Staff, spectator, participants	Injury to operator, spectators or participants.	Medium	Item requires access to 13 amp plug socket. Power source should be no more than 25m away from equipment. All cabling to be covered where required and routed away from walkways etc. All electrical components to be regularly checked and covered by a PAT test.	Low	Yes

Operation of equipment on site	Spectator, participants	Injury to spectators or participants.	Low	Spectators not allowed in the operational area whilst someone is participating. Spectators to be kept at a distance from the equipment and not allowed to sit/rest, or interfere with the equipment in any way. Only 1 participant is allowed on the green at a time. A staff member or responsible adult should supervise.	Low	Yes
---------------------------------------	-------------------------	---------------------------------------	-----	---	-----	-----

User safety	Operator, spectator, participants	Injury to operator, spectators or participants.	Low	<p>A responsible adult should form an orderly queue. Should any participant appear to be under the influence of alcohol/ drugs to the extent where they are posing a risk to the operator, spectators or themselves, the operator will close the equipment and seek assistance from the event manager. Children to be supervised by an adult at all times. Users should be aware of their own ability and notify the operator if they do not wish to participate or wish to end the activity. The operator reserves the right to refuse admission to anyone that they feel may be unsafe to partake in the activity. No alcohol to be consumed during activity.</p>	Low	Yes
--------------------	-----------------------------------	---	-----	---	-----	-----

Flying objects	Participants, spectators	Injury to participants and nearby spectators	Low	All equipment should be used only within the parameters of the product.	Low	Yes
Heat	Operator, spectator, participants	Injury to operator, spectators or participants.	Low	The equipment should not be set up near any sources of heat or naked flames.	Low	Yes
Weather	Operator, spectator, participants	Slip/trip	Low	The equipment can only be used indoors, in a dry environment, away from any sources of water/ humidity/ cold.	Low	Yes

Risk rating

High

For example:

- fatality possible to one or more individuals however infrequent
- major injury to few individuals occurring frequently
- likelihood of long term muscular-skeletal problems affecting significant numbers of staff
Immediate action required

Medium

For example:

- major injury to one/few individuals occurring infrequently
- likelihood of long term muscular-skeletal problems affecting some staff. Requires attention as soon as possible

Low

For example:

- minor injury occurring infrequently to few staff.
Not a priority, may need attention if not as low as reasonably practicable.
